FESL Summary Report 2020-21

Goal 1: Increase Dogwood Completion Rates

Goal 2: Increase Student Social/Emotional Competency

Goal 3: Enhance Student Options Through Diverse Learning Experiences in Career Education

Goal 4: Support Student Achievement Through a Systemic Learning Support Model

Introduction

Peace River North serves communities north of the Peace River to south of Mile 226 on the Alaska Highway, and from the Rockies east to the Alberta border. Along with the larger communities of Fort St John, Hudson's Hope, and Taylor, several other rural areas contribute to a population of over 35,000 inhabitants. Along with three First Nation communities of Blueberry River First Nations, Doig River First Nation, and Halfway River First Nation we live, work, and learn on the traditional territory of the Dane-zaa within Treaty 8. Our student population is approximately 6000 in our 23 schools. We also have an Online Learning school that provides service to K-12 and adult students. 13 of our schools are in urban areas with 10 in rural areas. The school district employs 1100 staff (786 FTE) with an operating budget of \$71.3 million for 2021-2022.

Framework Development Process

From the [Board Strategic Plan](#) that was developed in 2018 with education stakeholders and from local and provincial learning evidence, the goals for the Framework for Enhancing Student Learning (FESL) were established. Progress is reviewed regularly through annual school Framework presentations and Board Reports.

What the Evidence Told Us

While significant progress has been made with regards to Indigenous graduation rates, this still needs to improve, along with the overall 5-year and 6-year graduation rates. Literacy achievement is relatively strong in the primary years as reflected in district and provincial assessments, but declines in the middle/transition years. Support for numeracy instruction and achievement is needed system-wide. There is an ongoing need to support the social and emotional learning of our students and staff.

Focus

A systemic and collaborative approach to improving student achievement.

Goal 1: Increase Dogwood Completion Rates

Objective 1.1: Increase Indigenous Engagement & Achievement with a Focus on Middle/Secondary

Objective 1.2: Improve Reading Comprehension success in grades 6-9

Objective 1.3: Increase successful transitions in grades 9-12

Objective 1.4: Improve Academic Achievement in Numeracy in grades K-12

Key Strategies

- Indigenous Education Transition Coach Program

Summary of Progress

- Upward trending 5 & 6-year graduation completion rate in all groups.
- Concern around Literacy Graduation Assessment results - working on the following areas to address:

 - Training in benchmarking district reading comprehension assessments with middle school teachers
 - Ongoing pro-d opportunities for teachers in reading instruction
 - Training in district protocols and complex reading challenges for LATs
- Inquiry projects with middle and secondary vertical teams regarding transitions
- Ongoing numeracy project to support teacher efficacy and positive year over year results in Numeracy FSA results.

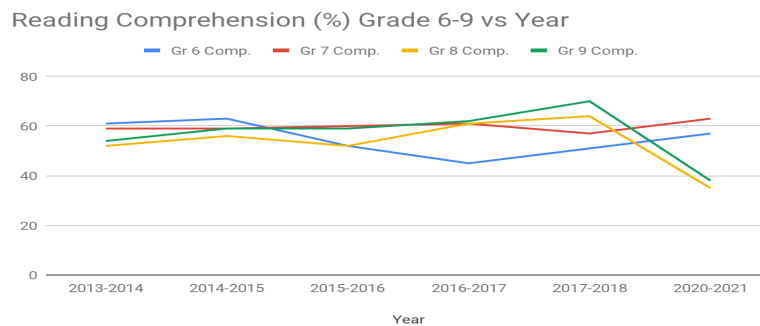

- Continued implementation and use of MAP for number sense in grades 4-10
- Implementation of Mathletics program & inservice for teachers grades 6-9
- Collaboration with SD 91 in developing a district problem solving assessment.
- On Reserve results in a number of areas continue to be a concern, especially for numeracy. The following interventions and programs are being implemented to address this:
 - Full implementation of new LEA agreements. The implementation committee has already started to meet with schools on interventions
 - Additional FTE and resources assigned to our Indigenous Education Coaching program, which has been very effective for Indigenous students in general
- Transitions Inquiry Group formed to pursue a “Spiral of Inquiry” related to improved transitions for students moving from Grade 9 to 10. Quarterly meetings were held with staff from NPSS, BBMS, DKMS, Clearview School and Upper Pine School. A higher satisfaction rate of 68% was noted for Grade 10 students.

Goal 3: Enhance Student Options Through Diverse Learning Experiences in Career Education

Objective 3.1: Increase the number of Indigenous Students in Career Pathway programs at High School while increasing their satisfaction with career and post-secondary education preparation

Objective 3.2: Increase the integration of Literacy, Numeracy, and Core Competencies within Applied Design Skills and Technology

Key Strategies

- Middle School Transition support for Grade 9 students (Career Education Staff)

- Presentations to the communities of Upper Halfway, Doig River and Blueberry regarding Career Pathways and opportunities for Secondary Students (Career Education Staff)
- Develop ADST Demonstration Kits to provide Elementary teachers with a resource to explicitly integrate numeracy, literacy and Core Competencies connections for skill development.
- Create new ADST lessons and activities to be added to the current bank found on the District Digmore Learning Commons.
- Professional Development session/s offered to Elementary teachers focused on these resources and ADST instruction.

Summary of Progress

- This past school year this District increased the number of students participating in Career and ADST activities. Four Maker Day events were held in Elementary Schools across the District. These events were planned and supported by the Careers Department of SD60. These events were designed for all Grade 5 and 6 students at those schools. Eight Make Day events are planned for the 2021-22 school year.
- Target of every school hosting one ADST/Careers Curriculum event was reached.
- The District was successful in creating a baseline for levels of Indigenous participation levels in Career programs. 51 Indigenous students, grades 10 through 12, were enrolled in Work Experience 12A. 43 Indigenous students, grades 10 through 12, were enrolled in Work Experience 12B. 3 Indigenous students, grades 10 through 12, were enrolled in Youth Work in Trades. 31 Indigenous students, grades 10 through 12, were enrolled in WorkForce Training Certificate 12. 6 Indigenous students, grades 10 through 12, were enrolled in the Youth Explore Trades sampler course. 7 Indigenous students in grade 12 were enrolled in Dual Credit Courses and Northern Lights College. This participation represented 76 individual students (35 female and 41 male).
- COVID-19 limited the amount of program and participation we were hoping for with Elementary events. Our focus for the upcoming school year will shift to developing and sharing resources for elementary classroom teachers to utilize. The goal is to further develop numeracy and literacy skills while increasing ADST experiences for our Elementary students.
- Transition rates to BC post-secondary are lower than provincial average. It would be important to capture the significant number of our graduates that go to Alberta schools to get an accurate picture of this data.
